

The Jubilee Centre is a Christian social reform organisation that offers a grounded, biblical perspective on the issues of today.

We believe that the Bible offers a coherent picture of a good and sustainable society. The instructions God gave us for how we are to live in community ensure justice and mercy are played out in practice for the good of all creation.

Initiatives we have started in light of this include:

- The Keep Sunday Special Campaign
- Credit Action (tackling debt)
- The Cambridge Papers
- The Relationships Foundation
- Concordis International (Peacekeeping in places of conflict)
- Allia (Impacting urban unemployment)
- Keep Time for Children Campaign
- The Marriage Foundation
- Relational Research, Relational Analytics and the Relational Thinking Network

... and there is the potential for much more!

“The church is desperate for a new way of talking about well-being, relationships and what is most important in life, in a way that resonates with our contemporary culture.”

**Joel Edwards, International Director,

Leaving a lasting Legacy

 **Jubilee Centre**
BIBLICAL THINKING FOR PUBLIC LIFE

What We Do

We study, disseminate and apply our vision to influence a positive response to the challenges faced by individuals, communities and policy makers.

At the heart of this social vision is a concern for right relationships.

We are fully committed to the proclamation of the 'good news' of salvation through faith in Christ. At the same time, we understand the intrinsic value of social justice:

'The Lord looked and was displeased that there was no justice... he was appalled that there was no-one to intervene.' (Isaiah 59:15-16)

'Love thy neighbour' requires us to take an interest in reforming the structures of society, not just in alleviating symptoms.

Your legacy at work

Research

Our work begins in studying the Bible and thoroughly researching key themes affecting our lives in society. This focuses on God's mandate for society and relationships in both the Old and the New Testament.

Your support in this area would enable us to explore more key issues and distribute these findings more effectively to individuals, communities and through public policy.

Publications & Training

We resource church and workplace leaders, people in politics and leaders of social action initiatives with biblical thinking about opportunities and challenges facing them.

Your support would enable us to move from the promotion of these value to engaging more widely and effectively with a larger audience—we hope with the aim of catalysing a movement of people that act relationally and act on a biblical understanding for society.

Application

We demonstrate the practical outworking of the biblical vision for society by promoting strategies for social reform.

Your support would enable us to link with partners and campaign at a more prominent level on a wide range of relevant issues.

Ways to give

A Residual bequest is either the residue or part residue of your estate after all other legacies, taxes, debts and expenses have been paid.

A Pecuniary bequest is a legacy of a specific sum of money.

If you are making a will for the first time, we advise you to seek professional assistance, usually from a solicitor. The cost is usually quite reasonable. If you have already made a Will, you can add to or change its provisions at any time.

Please do not hesitate to contact us if you would like to talk more about leaving a legacy to the Jubilee Centre.

We will be happy to arrange to visit, call or invite you to Jubilee House for a better understanding of what we do.
